

BROOKFIELD INSIDER

DECEMBER 2024

E-Newsletter for the Month of December 2024

Dear Parents and Students,

Greetings from Brookfield International School!!!

As we wrap up 2024 and look forward to 2025, it's a moment to reflect on the growth and achievements of our students. As Albert Einstein said, "Strive not to be a success, but rather to be of value." This year, our students truly embodied this spirit.

From excelling in inter-school competitions to outstanding sports performances, our students have shown incredible growth in all areas. Educational trips expanded their horizons, while the Special Assemblies and Musical Performances highlighted their creativity in music, dance, and drama. At Brookfield, we continue to prioritize the happiness and well-being of our students, ensuring they thrive both academically and emotionally.

As we enter 2025, we are excited for continued growth and success. Happy New Year from Brookfield International School!

With heartfelt gratitude and warmest regards,

Ms. PARAMJOT & Ms. PRIYANKA KAUSHAL

COMPUTER LITERACY DAY

A computer is like a violin. You can imagine it making beautiful music, but you have to learn how to play it. - Bill Gates

Learning to use technology is not just a skill, it's a gateway to personal and professional growth. Computers have been indispensable in our daily routines and are used by all age groups. Every year 2nd of December is celebrated as the World Computers Literacy Day. On this day our UKG kids went to the computer lab to have a first hand experience of using computers. To help shape their learning experiences the educators introduced them to the basic terminology of the parts of a computer, digital drawing tools etc. The children were excited to learn how computers help us in everyday life and to explore more about the world around us.

I want to express my heartfelt gratitude to you and your team for the incredible efforts you've made. It was a joy to witness the love and dedication with which you care for our children. We felt so reassured knowing they are in such capable hands. Each event is planned wonderfully, and the memories you created for us will always be cherished. Congratulations to you and your team for such an amazing effort!

Today, I understood why my child is always so eager to go to school. You've made learning such an enjoyable experience for her that she's always excited to see you. Thank you for making school a happy place for our children.

PARENT SPEAK

NATIONAL NAVY DAY & ARMED FORCES FLAG DAY

On 4th December, National Navy Day was celebrated as an occasion to pay tribute to naval officers who play a vital role in safeguarding our nation on the coasts. Our kindergarten kids paid their tributes to the Water Warriors of our country by making paper boats and watching the videos of naval fleet. Educators also briefed them about the way our navy protects our coastal areas and help in the emergency rescues.

Two stars on my shoulder's are better than millions in the sky.

December 7th is designated as Armed Forces Flag Day in remembrance of our soldiers, veterans, and Indian Armed Forces martyrs. This day is observed as a show of support and admiration for members of the military services who give their lives in defence of the country. Fundraising for the well being of armed forces personnel and their families is another aspect of the day. We at BFIS kindergarten celebrated Armed Forces Flag Day by showing our little ones the videos of our forces and by singing patriotic songs as a way to honor the valiant members and martyrs of the Army, Navy, and Air Force. Children also donated towards the fundraising and proudly took home the flag badges. This was their way of honoring the sacrifices and unwavering dedication of our warriors towards preserving the peace, freedom, and security of our country.

CHRISTMAS TREE DECORATIONS

Be like the Christmas tree; evergreen, shining, full of lights and full of gifts.

There is no better way of setting the Christmas vibe than with a tree adorned with twinkling lights, stars and baubles. On 13th December our kindergarten kids filled the corridors with the festive cheer as they decorated the Christmas tree with stars, colourful shimmery ribbons and glitters. They also made beautiful Christmas tree drawings. Christmas is all about joy, bliss and gratitude towards the helping hands and warm hearts.

Pre-Nursery Alpha

Absolutely commendable efforts by the teachers—hats off to you all! 😊

I can only imagine how challenging it must have been to manage all the kids together so beautifully. I'm already struggling to discipline my kid alone! 😊 Your patience and dedication are truly inspiring.

PARENT SPEAK

POSTAL DRILL

To write is human, to receive a letter: Divine!

Our UKG kids embarked on a heartwarming journey into the world of letter writing. With creativity and love, they crafted personalized cards for their parents, each one a testament to their burgeoning writing and artistic skills. To deepen their understanding of the communication, we introduced them to the postal system. The children eagerly participated in a posting activity, putting their cherished cards into envelopes with their home address, pasting stamps on them and finally placing them into the letterbox, eagerly anticipating the cards journey to their parents. The highlight of the day was an interactive session with the local Postmaster Mr. Gurpreet Singh and his team, who kindly visited to collect the cards. He shared insights about his role and the journey of a letter, turning the experience into a practical lesson on community helpers and the postal system.

This hands on activity not only nurtured the children's literacy and fine motor skills but also instilled a sense of responsibility and appreciation for the people who connect us through their daily work. Well, our young kindergartners showed their parents that - E mail is good but letters are better !

Wonderful performance by the little ones--well done to the entire team!
The school has done a truly magnificent job, and you all absolutely rocked it. We are so grateful for the care and affection you show to our children. Your passion for teaching and dedication shines through in everything you do. Thank you to the school and the entire team for everything! 🎄👏

Pre-Nursery Beta

PARENT SPEAK

The entire experience across all the events was extraordinary, showcasing the school's dedication, creativity, and hard work. From the meticulous planning to the flawless execution, every detail reflected the passion and teamwork of the teachers and staff. The children's performances were exceptional, filled with talent, confidence, and enthusiasm, leaving parents feeling proud and joyous. The behind-the-scenes efforts were truly inspiring, and the events beautifully combined learning, fun, and celebration. A heartfelt thank you to the entire school team for creating such a memorable and impactful experience!

-Mother of Amitoj
Nursery Gamma

I use a bunch of carrots when I make a carrot cake,
And chocolate's what I need when chocolate cake is what I bake.
Today I am craving something new and so I am making plans,
To try two brand new recipes I'll need some cups and pans !

With Christmas round the corner ,baking cakes can not be forgotten. So on 18th December our munchkins had a baking activity where their educators took them on a delightful journey of baking cakes, muffins and cookies. These kind of activities are a great way to help children learn and develop new skills. Baking and cooking helps in the development of language as children are exposed to new words, expanding their vocabulary and allowing them to understand the actions that go with different words. It also is a great way to help improve their math skills. They counted and measured along with their educators through the process. The joy on their faces as they watched their creations rise in the oven was priceless.

BAKING
ACTIVITY

SHOW AND TELL ACTIVITY

Our KG students proudly take part in the show and tell activity every month guided by their educators. It is a wonderful introduction to public speaking as children are given the option of speaking about the topic they know well and are interested in. Practising public speaking regularly for our little ones means it will usually begin to feel easier as they grow and move to higher grades.

PARENTS SPEAK

-Mother of Nishraanj
Nursery Beta

The dedication and efforts of the teachers and staff were clearly evident in the meticulous planning, seamless management, and flawless execution of the program. The hard work and enthusiasm of the kids were equally visible, making the event truly memorable.

All the events planned are absolutely fabulous, and we enjoy every moment to the fullest! Each child showcase their talents so beautifully, and their performances were truly commendable. The dedication, hard work, and effort put into organizing these events were clearly visible. Salute to the entire team for painting such memorable experiences!

PARENTS TEACHERS MEETING

On 21st December, our kindergarten wing hosted a delightful Parent-Teacher Conference, offering a platform for meaningful dialogue between parents and educators before the winter break. The session focused on celebrating the progress and milestones of our tiny tots, with teachers sharing individualized insights into their academic, social, and emotional development. Parents actively engaged in discussions about their children's strengths and areas for growth, fostering a strong sense of collaboration. The conference highlighted the shared commitment to nurturing young minds, leaving everyone inspired and ready to support the continued journey of learning and growth in the year ahead.

HONORING CHAAR SAHIBZAADEY

The last week of the month was dedicated to the supreme sacrifice of Chaar Sahibzaadey and their teachings. Through the immersive film screening in the classes and engaging discussions, students learned about the sacrifices, bravery and faith that defines this timeless tale. We at BFIS teach our kids from the start to be proud of our history, to reflect on the values of valor, courage, and sacrifice and to remember and honor those who embody these virtues.

TRAIN RIDE

As we bid farewell to the vibrant year of 2024, the little ones embarked on a delightful train ride across the school campus, their laughter echoing through the crisp December air. The miniature train, chugged along the scenic pathways, evoking pure joy and wonder on their cherubic faces. With tiny hands waving and eyes sparkling with excitement, the journey became a magical experience for them.

PARENT SPEAK

The entire experience @BFIS was exceptional and a perfect example of how to create meaningful and memorable moments for children. My daughter was thrilled about the latest trip and returned with so much joy, happy stories, and a sense of adventure. The meticulous planning, care, and dedication of the teachers were truly commendable, ensuring the children's safety while making the experience both fun and enriching. This thoughtful effort not only brought happiness to the little ones but also reassured us as parents. A heartfelt thank you to everyone involved for making it such a special day!

-Parents of Nyra Verma
UKG Gamma

As a mother of a Type 1 Diabetic child, managing Kultaaz's sugar levels, food, and overall well-being is always a source of stress, especially with his history of open-heart bypass surgery. However, your constant updates, photos, and care throughout the trip reassured us and made us feel relaxed, knowing Kultaaz—and all us and made us feel relaxed, knowing Kultaaz—and all the kids—were safe. Today, Kultaaz is incredibly happy, sharing stories about the trip and activities, and seeing his joyful face gives me immense strength. Thank you, Garima Ma'am, for this wonderful and memorable experience—it means the world to us!

-Mother of kultaaz
UKG Delta

CLASS OF THE MONTH

LKG Beta , our class of Jolly Jellyfish floats around with excitement as the children explore new concepts guided by their loving educator. With her gentle demeanor and unwavering patience , she skillfully nurtures these learners, blending discipline with affection and transforming each lesson into an engaging experience.

TASK FOR THE MONTH

This month, parents were asked to involve their children in polishing their school shoes. This simple task not only fosters a sense of responsibility but also instills the habit of maintaining a neat and tidy appearance, ensuring that kids take pride in wearing a well maintained uniform. Footwear hygiene is an essential aspect of personal care and a valuable life lesson. This task fosters a sense of accomplishment and self reliance in kids.

CRAFTY BUBBLES

ART IS AS NATURAL AS SUNSHINE AND AS VITAL AS NOURISHMENT.
